

PROJECT TRANSFER & HANDOVER DOCUMENT

Anugraha Pillai Portfolio Website

Website	www.anugrahapillai.in
Prepared by	Ratiraj Chavan
Transfer date	16 August 2026
Production launch date	To be confirmed

CONFIDENTIAL ACCESS INFORMATION This document contains passwords. Keep it in a secure location and change every shared password after the handover is accepted.

1. Purpose of this document

This document transfers the website links, account access details, maintenance arrangement and commercial terms for the Anugraha Pillai website.

2. Website and administration

Item	Link
Live website	https://www.anugrahapillai.in/
Admin CMS	https://www.anugrahapillai.in/admin/login

3. Account access

3.1 Primary Google account

Email	anugrahapillai.work@gmail.com
Password	workanugrahapillai00
Connected services	GitHub, Firebase and Vercel use Google sign-in.

3.2 EmailJS service

Sign-in URL	https://dashboard.emailjs.com/sign-in
Email	anugrahapillai.work@gmail.com
Password	Anugraha@123

3.3 Admin CMS accounts

Account	Email	Password
Admin 1	anugrahaapillai@gmail.com	anugrahap01
Admin 2	anugraha.twinkle@gmail.com	anugraha@1234

CMS passwords can be changed using the “Forgot password” option on the admin login page.

4. Connected platforms

Platform	Project link
GitHub	https://github.com/anugrahapillai/anugraha-pillai
Firebase	https://console.firebase.google.com/project/anugraha-pillai/overview
Vercel	https://vercel.com/anugraha-pillai/anugraha-pillai

Access these services with the primary Google account listed in Section 3.1.

5. Search indexing and SEO

Google indexing and basic SEO setup have been added to the website. Future SEO, metadata and indexing changes can be made through the relevant website, Google and platform settings.

6. Handover checklist

- Confirm that the live website opens correctly.
- Confirm access to the Admin CMS with both accounts.
- Confirm access to the primary Google account.
- Confirm access to EmailJS, GitHub, Firebase and Vercel.
- Change all shared passwords and enable two-factor authentication where available.
- Store the updated credentials in a secure password manager.

7. Annual Maintenance Contract (AMC)

A basic Annual Maintenance Contract (AMC) is included at no additional charge for 12 months from the production launch date. It keeps the approved website operational; it is not a redesign or enhancement allowance.

7.1 Included support

- One scheduled maintenance meeting and audit each month for 12 months.
- Basic bug fixes within the approved and delivered website scope.
- Basic checks of website availability and core functions.

7.2 Not included

- Redesign, new layouts, colour changes or typography changes.
- New features, integrations, pages or major content changes.
- Third-party charges, hosting upgrades, storage, bandwidth or premium services.

8. Monthly maintenance meetings

Twelve meetings will be held, normally one meeting each month. Dates will be agreed by both parties. A missed or postponed meeting should be rescheduled within the same month where reasonably possible.

Meeting	Target period	Status / notes
1	Month 1	
2	Month 2	
3	Month 3	
4	Month 4	
5	Month 5	
6	Month 6	
7	Month 7	
8	Month 8	
9	Month 9	
10	Month 10	

Meeting	Target period	Status / notes
11	Month 11	
12	Month 12	

9. Suggested payment schedule

Milestone	Payment	Due
Project commencement	40%	Before work begins; payment must be received and cleared.
Design and development approval	30%	After approval of the main design and functional build.
Production launch and handover	30%	Before final launch, credential transfer and handover.

10. Terms and conditions

1. All payments made to Ratiraj Chavan are non-refundable, including the initial 40% payment and subsequent milestone payments.
2. The one-month delivery period begins only when the initial 40% payment has been received and cleared. Client delays in supplying content, approvals, access credentials or consolidated feedback extend the delivery date by the corresponding delay.
3. Extra Firebase or other cloud storage, bandwidth, database, hosting, email, premium-domain or third-party service charges are not the responsibility of Ratiraj Chavan and must be paid by the client.
4. The included domain obligation is limited to registering one approved standard .in domain for three years. Ratiraj Chavan has no responsibility for renewal, expiry, recovery or related charges after that three-year term.
5. The one-year AMC includes one monthly audit and basic bug fixes within the delivered scope. Layout, colour, typography, visual-design, content and feature changes remain excluded and require a separate quotation.

11. Acceptance

By signing below, both parties confirm that the listed access information and project assets have been handed over, subject to the terms in this document.
